Hello PSNH Members!

We are excited to announce a historic moment. The Pastel Society of New Hampshire has teamed up with the Vermont Pastel Society for the first ever twin state member show. Some of you may have artwork completed, others may be in the middle of a pastel painting they would like to submit or in the beginning stages, which is all good. We only need the title(s) and the size(s) by Saturday, December 7th so that we may determine how many members want to display artwork. Once we have a total number of members who want to show their work in combination with the sizes, we will determine if we can fit both your first choice and your second choice painting.

If we have a large turnout with also large paintings, we may only allow one of your paintings in the show due to space constrictions.
